LITTELL'S LIVING AGE.
E. LITTELL & CO., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but whilethus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of The Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, [which is extending over the whole world,] and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President [illegible]

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.
T. HARDENBERGH, M. D.
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; in very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.
L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Barling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.
M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

From the Boston Chronotype.

Consumption is the great curse of our northern climate. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished its weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby every thing disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of one pill is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood, innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest faithful medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

NEWPORT.

BY CRANSTON & NORMAN,
187 THAMES STREET.

SATURDAY MORNING, SEPT. 28, 1850.

☞ We are glad to learn that so many persons have purchased real estate here, during the last few weeks. In that time over ninety thousand dollars have been paid for land in this town, and on many of these lots large and very splendid establishments are to be erected by the purchasers. These are mostly gentlemen from the cities who will spend the summer months with us, and in some instances the owners will take up their permanent residence in Newport, only visiting the cities for about two months at mid-winter. We are glad to see such people settling among us; we had rather have twenty such families, than all the butterfly snobs and squirts that flitter about here during the months of July and August.

SECESSION RUMORS.—The Washington correspondent of the N. Y. Commercial Advertiser states that reports have reached the seat of government from reliable sources, that serious preparations are making in South Carolina, under the sanction of the State authorities, for a general plan of resistance to the laws of the United States, or in other words, for secession. The Governor has intimated to the Senators and Members from the State at Washington, that he designs convening the Legislature directly after the next State election, which will take place early in October. He will recommend the immediate call of a convention, and it is expected that the Legislature will comply, without any expressed division of opinion on the measure. The plan is said to be to invite the direct and cordial co-operation of Georgia.

If the "chivalry" of South Carolina want to make asses of themselves again, they are welcome to do so; and the result will be that they will be whipped into the traces again in a more uncerimonious manner than they were by old Hickory, at the time of their Nullification bluster.

☞ PROGRESS OF CHRISTIANITY IN TURKEY.—The recent arrival of an envoy from the Ottoman Porte to our Government has attracted a share of public attention; by the Sultan, Abdel Medjid, to Kossuth and the other Hungarian refugees in his dominions, with the advices we have for some time past been receiving of his enlightened religious tolerance and the appointment by him of Christians to offices of state, have tended to excite an unusual degree of interest in this subject. Progressive commercial intercourse and the spread of liberal sentiments have in a great measure removed the long cherished prejudices existing between the followers of the "Crescent and the Cross," and the masses of mankind every where are beginning to learn that they are brothers.—We hail this fact as an omen of the establishment of Christianity at no very distant period, among all the nations of the earth, and their consequent advancement in the scale of civilization. Maijometenism reached its limit and lost its vitality when it ceased to be propagated by the sword. It is essentially the religion of violence and sensuality, and though superior to the idolatries which preceded it can never prevail among a refined and well educated people. As the Turks continue in their present career of improvement we anticipate a gradual change of faith.

☞ COUNTERFEIT ONE DOLLAR BILLS, on the State Bank, Providence, R. I., have made their appearance. The genuine bills have a view of the State House on the left hand, engraved by Tappan, Carpenter & Co.

☞ Washington Hunt has received the nomination of the Whig State Convention, at Syracuse, as their candidate for Governor of New York

☞ Drury has been acquitted in New York of the charge of sending the Torpedo Box to Warner.

Approved September 20, 1850.

President of the Senate pro tempore.

MILLARD FILLMORE.

☞ Jenny Lind was received in the most enthusiastic manner in Boston. She took rooms at the Revere House.

For a description of the "Nightingale's Nest" at the Revere, we cannot do better than apply our scissors to the Courier, whose bachelor editor possesses a luxuriant fancy with singular ability as a graphic limner:

It would be impossible to describe the superior grandeur of these apartments.—They embrace four rooms in the western wing of the house, second floor, and the furnishing and ornamental work is all new. They comprise a parlor and bed room for the Nightingale, a bed-room for her female companion, a dining and a sitting room.—In the parlor there are two splendid mirrors, a thousand dollar piano, from Chickering's, a rose-wood book case, with several copies of standard works—a present from J. T. Fields to the warbler—a sofa and an ottoman, in the highest style of finish and of great cost, and a beautiful card table. On the table is a gold vase, containing flowers, grown at Mr. Steven's request, by a Roxbury Horticulturist, expressly for this occasion. There were two magnificent vases on the mantel-piece, filled with bouquets.

The toilet chamber attached to the parlor is lined with a rose colored French fabric, canopied, and from the centre is suspended a lantern of stained glass. The articles of furniture in the toilet chamber are neat, and the gold plated napkin stand, made by Mr. Waterman, is a choice specimen of handiwork. The passage from the parlor to the bridal chamber is also lined with silk, similar in color to that of the dressing room. The bridal chamber itself and other apartments are new, so refurnished in an elegant manner.

The lock on the parlor door is of silver, and on the inner plating is the following inscription: "To the Queen of Song." Prov. 16th, 17th, v.: "He that hath pity on the poor lendeth unto the Lord, and that which he hath given will he pay him again." The knob on the door is an object of attraction. The whole decorations of this suite of rooms cost something like $13,000!

CONGRESS.

WASHINGTON, Thursday, Sept. 26.

HOUSE.—The House met at 12, and after the usual opening business, Mr. Stanley moved a suspension of the rules, to introduce an order for the payment to late clerks up to the end of the present session.

After some discussion the House refused to suspend the rules.

Three vacancies in the committee of ways and means were filled.

On motion of Mr. Bayly, the House went into committee of the whole, Mr. Strong in the chair, and resumed the consideration of the army bill.

Mr. Cromwell offered a resolution to give extra pay to employers. Objection being made the House again refused to suspend.

The bounty land bill is under discussion and various amendments are being proposed.

WASHINGTON, Thursday, Sept. 26.

The following army order was issued by the War Department on the 21st inst.

The House of Representatives having, on the 18th of July, 1850, adopted a resolution requesting the President to communicate to that honorable body his views of the rules and regulations which should be established by law on certain subjects therein mentioned, relating to rank in the army and navy, the President directs that a board of officers of the army be assembled who shall deliberate upon so much of said resolution as appertains to the army, and shall consult with any similar board composed of officers of the navy, that may be appointed for the purpose in relation to so much of said resolution as relates to the relative rank of the army and navy.

The following officers of the army are appointed members of the board:—Gen. Winfield Scott, Gen. Jessup, Gen. Wool, Col. Crane, Surgeon Moore, Paymaster Hunter, and Lieut. Col. Scott, recorder.

The board will assemble at Washington, on Monday, the 15th of October, and after closing their proceedings will report to the War Department their views and opinions on the subjects submitted to them.

☞ FLOGGING IN THE NAVY.—A clause in the Navy Appropriation Bill as it passed the House, provides "that flogging in the Navy of the United States shall be and is hereby abolished from and after the passage of this act."—The vote on this amendment was ayes 89, noes 31; and on the entire bill as amended, 111 to 48.

Prefer solid sense to wit, never study to be diverting without being useful, let no jest intrude upon good manners, nor say anything that may offend modesty.

☞ Frederika Bremer was at Detroit, Sept. 21st.

The London Athenæum, a leading literary and critical periodical, notices Mr. Greeley's "Hints on Reform," as the work of Horace *Gruby,* and informs us that Mr. Gruby is a rising young man, the son-in-law of Mr. Bryant!

—Ladies, you that so seldom get a comfortable and tasty fitting dress, look to your interest, and go to Oregon Hall, before Mr. Taylor leaves; his room will be open a few days longer from 7 A. M. to 9 P. M. Sept28

—As the season for "lighting up" approaches those who intend to provide new Lamps for that occasion, should inspect the new supply just opened by Messrs. B. H. Tisdale & Son, 188 Thames street; the stock is unusually extensive, the patterns rich and the prices low.

DAGUERREOTYPES.—ONE WEEK LONGER.—MANCHESTER & BROTHER will positively close their Daguerreotype rooms in one week. Remember they got the premium for the best Daguerreotype exhibited at the late fair in Providence, do not wait until the "last day in the afternoon" if you want a good likeness.

MORE LIGHT.

As the evenings are getting longer, it is of great importance to economise in our lights, and to see that your Lamps are in good burning order. And as this branch of our business I have paid particular attention to for a long time, and have my arrangements always made, to give the public a fresh and good article at the lowest prices, we invite all that have not tried our Fine Oil and Burning Fluid to call at once, for it stands in the same proportion to quality as our safety Camphene does in comparison with the trash furnished from New York at a less price, and as I am the only manufacturer of Camphene in Rhode Island I dont hesitate in saying I can give the public a better and fresher article than can be purchased elsewhere.

TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an immense saving is thus made. It is emphatically the female's friend.

PROFESSOR A. C. BARRY'S
TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the articles have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close—All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substrata of muscles and integuments, the process and the effect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. sept30 6m

To the Hon. Court of Probate, of the Town of Newport to be holden at Newport on Monday, September 9th 1850.

The Subscriber administrator of the estate of SILAS WARD, late of Newport dec'd, would respectfully represent, that the amount realized from the sales of the Inventory and other sources of said deceased's estate, amounts to the sum of twenty eight hundred and eighty eight dollars, fourteen cents; and that the claims against said estate, allowed by the Commissioners, as appears by the record of this Hon. Court amounts to the sum of fifty three hundred and twenty dollars and thirteen cents including sixteen hundred dollars, secured by Mortgage on the part of the said deceased; real estate, known as the "Soap House," which leaves a balance to be provided for (exclusive of interest since his decease,) of twenty-four hundred and thirty-one dollars and ninety-nine cents. Wherefore he prays this Hon. Court, that he may be authorized to sell so much of the Real Estate, for the whole if necessary, of said Silas Ward in this town, as shall be sufficient to cancel said claims, with the incidental expenses.

BENJAMIN MUMFORD.

At a Court of Probate of the Town of Newport holden Monday, September 9th, 1850.

The above petition of Benjamin Mumford, Administrator on the estate of Silas Ward, late of Newport, dec'd, is now received and referred for consideration to a Court of Probate of Newport, to be holden at the Town Clerk's Office in Newport, on Monday the 7th day of October next, at 10 o'clock, A. M., and notice is ordered to be given of the pendency and prayer thereof by advertisement for three successive weeks, once a week in the Newport Daily News, that all persons interested may appear at said time and place and be heard.

MR. J. A. In this manner the plate is highly polished and at the same time so well charged with the Magnetic Fluid as to produce Daguerreotypes of a superior quality almost instantly.

A GOOD CHANCE FOR A BAKER

FOR SALE a lot of land containing 10 1-2 acres of good land situated in the town of Whitehouse, Worcester county, Mass., it is within 3 1-2 miles distance from four very thriving manufacturing villages; two lying at the north and the other two south. It is one of the very best opportunities for establishing a Bakery, there being no Bake-house within 10 miles, the above piece of land is in a corner lot containing about 12 acres, there is an application for one acre, and wishing to reserve half an acre for myself, would sell the remaining 10 1-2 acres at the low price of *four hundred dollars*, one half the amount in cash, the balance may stand for a number of years if desired; the lot is well walled on three sides, on the other side is a slip of young Wood, some trees of good size, probably about 3-4 of an acre in this part. There is a fine chance to building on the front, the land is very convenient to fence into pastures, and for mowing for horses and cows; one part is watered by a spring. There is also a large number of bearing apple trees upon the lot. Fuel is very low, the best of soft and hard wood is sold there from $2 to $3 a cord. SCROFULA

If thousands of cases of Scrofula, Cancers, Syphilis, and other impure diseases of the Blood—and of the VERY SMALL QUANTITY which was said of it Nowhere to effect cures of such diseases, be any proof of the purifying medical power of the Medicine which has subdued and conquered such diseases—then there is unquestionable evidence that—

BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine, in every respect; and there is abundant proof, in *great cures* effected, that ONE BOTTLE of it contains *more* purifying, healing virtue, and *medical power*, than there is contained in FOUR BOTTLES of any *Sarsaparilla*, or any other medicine that has ever been offered for sale. There is undoubtedly proof in our pamphlets, that by the use of this great *Indian Purifier*, they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS and otherwise diseased, have been HEALED and CURED

Hundreds—Thousands—

who have used *BRANT'S PURIFIER*, after having tried and proved all the *Sarsaparillas* and other medicines recommended to cure blood *diseases*, have decided that—

Brant's is the Cheapest;

because *one bottle* of it has *more* medical, curative matter in it, and, in consequence, *cures more diseases*, in much less time, than *one bottle* of any other medicine.

If, then, one bottle of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle* of *Sarsaparilla*—"BRANT'S PURIFIER" would be as cheap at *four dollars* a bottle, as *sarsaparilla* at *one dollar*. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it *has* cured, and is *capable* of curing, *FOUR TIMES* as much *disease as one bottle of Sarsaparilla*, therefore, Sarsaparilla, for cures of its proper power and medical efficacy, should be sold at no more than *twenty five cents* per bottle, to be as *cheap* as the PURIFIER at *one dollar*.

One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth* of BRANT'S PURIFIER cure!—Read the following statement, which is a specimen of its power:—

CANCEROUS SCROFULA!

This is the case of a *dying man* who yet *lives*. He was *cured* of a worse case of SCROFULA, by only *twelve bottles* of Brant's Purifier, than ever was cured by the use of *twelve* GALLONS of the best *Sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *rectifiably hopeless* case.

Mr. J. B. HASKIN, of Rome, Oneida Co., N. Y., had Scrofula four years—was confined to his bed *the last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used *All of the best Sarsaparillas* to no good effect—got worse and worse, and was confined to bed in a *dying state*, and could not live *twenty four hours longer*, when he commenced using BRANT'S PURIFIER. His neck was *eaten nearly off, from ear to ear; a hole was eaten through his windpipe*, under his chin, so that he breathed through the hole; *his ear* was so eaten around that it could be *lifted up* out of its place. It only holding by a *small piece*; the ear of one arm was destroyed by two wounds, one under the arm, as large as a *man's head*, had nearly *eaten through his side into his body*. Thus he was afflicted with *twenty eight painful, acrid, offensive ulcers*, in various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin *the day before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world could not cure him*—that his case was

Worse than Hopeless!

Now hear Mr. HASKINS statement of cure! He said: "My wife procured one bottle of *BRANT'S PURIFYING EXTRACT*, of *Hazell & Leonard*, druggists of Rome. I commenced using that, and *began to get better*. That bottle enabled me to *get off my bed*, where I had been confined *one year*; the *second bottle* enabled me to *get out of the house*; the *third bottle* enabled me to walk two miles, to Rome Center, where I procured *six bottles* more; and when I had finished using them, *seventeen* out of twenty ulcers had healed up—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to good health."

FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are published and certified to by Dr. T. WILLIAMS—Mr. G. R. BROWN, proprietor of the *Bell Tavern Hotel*—Messrs BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses*.

CANCERS CURED.

Mr. O. B. KINNEY, merchant, *Clinton, Oneida county*, N. Y., informed us that a cancer doctor in said county was flaming wonderful things of Cures made through the efficacy of BRANT'S PURIFYING EXTRACT. A *cancer doctor* in Greene county, N. Y., is also using said PURIFIER. Mr. A. B. SETTLE, druggist, at *Canajoharie, Montgomery county*, N. Y., has informed us of an important *cure of a cancer* of that place. *He, therefore, this PURIFIER cures Cancer*, by its purifying, healing power, what impure disease of the blood can it not cure! Seven years' experience and triumph says there are none but what it will cure.

FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, New York, wrote to us: "I have just received a letter from Mr. Chauncey Dunning, relative to the cure of his Fever-sore. You may depend on what it states, for he is a Christian man and an elder in the church. Three years ago he had to leave one of his legs *cut off*, to save his life, in consequence of a Fever-sore. The other leg being now affected, and about to be amputated, I recommended BRANT'S MEDICINE. Read the following, he says: *I have used only three bottles of BRANT'S MEDICINE. I proceed all more from your recommendation, in that Medicine*, and I can now say that, with the blessing of *God, it has effected a cure of my leg!*" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of *Stamford, Conn.*, one of the oldest and most respectable physicians, was afflicted with *Liver-Complaint* many years, which was *perfectly cured* by using BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS,

No remedy offered to the public has ever been *half so certain and effectual in restoring* all the incidental *weaknesses* and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess, or other symptoms*—it REGULATES ALL, by *strengthening the system, equalizing the circulation, and soothing and allaying* NERVOUS IRRITABILITY. See pamphlets.

CHANGE OF LIFE,

from the *girl* to the *woman*, and the *woman at which age one sex is accelerated*, and the other so *gradually impaired*, as to prevent any of the *fatal diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, *Genesee Co., February 1, 1848.*

"Mr. T. WALLACE & CO.—*Gentlemen*: I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting; and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *used and relieved the usual pain after eating*. I then procured a second bottle, which has completely cured the disease. I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LUCORRHŒA, &c.

"HYRON, *Genesee Co., N. Y., Oct. 19, 1847.*

"Messrs. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of *Lucorrhœa and Nursing Sore Mouth*, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until her *purse* was exhausted to useless efforts. She became so low a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty-five *pounds*; but by the time she had taken *four bottles*, she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds in the first four weeks. Yours truly, C. B. GALENTINE."

The reader will observe that *Mr. Galentine says "our wife."* He, we are informed by Z. S. TERRY, Esq., of the same place, has studied medicine.

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is *a perfect and thorough eradicator of all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system*; and it restores the *blood, muscles, and all the parts* thereof, to their original HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOLTSTANDER, *merchant, Oberlin, Lorrain Co., Ohio, wrote*, December 18, 1848, and after large praise of the cure of his wife's consumptive cough, said: "I have constantly used *BRANT'S PURIFYING EXTRACT*, for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE *and invigorate* THE SYSTEM that I have *received*. In every instance where we have sold BRANT'S MEDICINES, *they have proved their efficacy, and given the best satisfaction.*"

SALT RHEUM,

and all impure *chronic diseases of the blood*, are always *cured by BRANT'S EXTRACT*.

THE REMARKABLE SANATIVE POWERS OF DR. S. P. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA,

Have induced numerous attempts to counterfeit it, and make fraudulent use of Dr. TOWNSEND'S NAME to secure the sale of SPURIOUS ARTICLES.

These counterfeits and imitations only PROVE the VALUE of the ORIGINAL; and NO HIGHER COMPLIMENT could be paid to Dr. S. P. Townsend's Extract of Sarsaparilla than the laborious efforts that have been made by many to get up SOMETHING LIKE IT. As to the DISHONEST ATTEMPTS that have been made so to use Dr. Townsend's NAME as to create CONFUSION in the public mind in reference to the GENUINE ARTICLE, we publish below

DR. CHRISTIE'S GALVANIC BELT, BRACELET AND NECKLACE

MAGNETIC FLUID:

For the Removal and Permanent Cure of all NERVOUS DISEASES,

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

Dr. CHRISTIE'S GALVANIC BELT

and

MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

A Derangement of the Nervous System.

In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already irritated system; while under the strengthening, life giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, alacrity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists in the fact that they arrest and cure disease *by outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and cover do the slightest injury, under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and everything else been tried in vain!

To illustrate the effect of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply fix the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

AN EXTRAORDINARY CASE,

which conclusively proves that

"Truth is stranger than Fiction."

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:

SUSSEX, New Jersey, July 12, 1849.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men; but their best prescriptions failed. About *twenty years* since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which, a year after, was caused into indescribable anguish. In the severest paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Further: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which, at last, became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System! My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from those most distressing maladies. In the whole pharmacopœia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (frankly will my very sanguine hopes of their efficacy,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. To MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA BEGAN TO SUBSIDE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; AND FOR HALF A YEAR I SINCE SUSTAINED A SINGLE SERMON ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO GRADUALLY BECAME TOLERABLE. If time permitted, I could fill a sheet of paper with the details of particulars; but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism comes in a little visiting, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have too, recommended the BELT and FLUID to many who have been likewise suffering from Nervous affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,

BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—*cured, undoubtedly, cases of ulcerated and diseased* LUNGS—such MORTAL cases as were never before cured by any other medicine. *In other instances* were some of the afflicted persons, so to have been pronounced by physicians and friends to be ACTUALLY DYING. Some, who had their burial clothes made, have both cured, and yet live; others, who it was said would not live another day, who now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses *secret medicinal virtues which are peculiarly adapted to, and are essentially necessary for, the cure of*

COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS *in the LUNGS*, and *elsewhere internally, as certainly and easily as the* PURIFYING EXTRACT *heals and cures ulcers externally*. This Balsam cures SINGLE *cases of Cough and Consumption* QUICKLY, after all other remedies have *failed to do good*.

Thousands of Consumptions

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz: *Spitting of Blood, bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults, and* all FEMALE WEAKNESSES.

CONSUMPTION.

A DYING WOMAN CURED!

We state this case, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the *person is considered by physician and friends* to be in the *last stages of disease*—actually DYING—and, in this case, so FAR GONE, that the SWEATS *and* NIGHT-SWEATS *were broken!* For the *particulars* of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This case was effected on Mrs. ZIBA DYKEMAN, of Baltimore, Schoharie County, N. Y. We can prove, beyond a doubt, *many other cases equally hopeless, and numerable cases of Coughs and Consumptions CURED*, which were *pronounced incurable by SKILFUL PHYSICIANS.*

A DOCTOR CURED!

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan*, about the 1st of January, 1849, wrote as follows: I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was myself afflicted with a *Chronic Disease of the Lungs*, as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced, as an experiment, to procure and have a trial made of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted, or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed in the course of all my practice. *My cough was immediately relieved*, and in about eight or ten days I was *free from cough*, soreness of the chest, and pain, and now consider and *pronounce myself a WELL MAN!*

Dr. French is now a respectable druggist at Hillsdale.

FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, *respectable merchants at Hillsgrove, Sullivan county, Pennsylvania*, wrote to us, May 12, 1849, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that *his child, which had been addicted to FITS for several years, was cured by the use of* BRANT'S *BALSAM*

Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio*, wrote to us, October 2, 1848, and stated that *Consumption* which the use of *Brant's INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hand of that unrelenting monster, *Consumption*, had taken fast hold on his vitals, and was rapidly wasting and debilitating his body, that he was a mere skeleton. He *given up by his physicians and all friends*, as one who would soon be *in a grave*. But now in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only *five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclosed at the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, vigorous man*.

S. B. BANN, Esq., *merchant and postmaster at Jefferson*, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and knew *the facts* to be TRUE, *and all the above-named facts*.

Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of *East Oswego, Oswego Co., N. Y.*, respectable druggists, wrote to us: "We have just learned, through Mr. Williamson, a respectable citizen of this place, of an important cure of *Consumption* effected by BRANT'S INDIAN PULMONARY BALSAM, in the person of his wife, of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to live more than ONE DAY LONGER. But, when all other hope utterly failed, *SAM*, (as the well-known efficacy has raised her from a *dying state*, and *is now attending to her domestic household affairs and duties*. She acknowledges, and is known by witnesses, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbors consider that medicine invaluable."

RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, *merchants, of West Cornwall, Conn.*, said *BRANT'S BALSAM* had effected cures of such hopeless cases of Consumption in their town, that *no other* COMPETITOR could be sold there; that it *had raised some up from the grave*—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it was *useless to take any more medicine*. He then, *taken no hope was left*, took one bottle of BRANT'S BALSAM—got well—*and is now as well as ever he was!*

Many Consumptions Cured.

Mr. S. H. CLARK, merchant, *Elgin, Wayne county, N. Y.*, wrote to *Inform us that BRANT'S PULMONARY BALSAM sold readily at Elgin*, adding, and said: "If the statements of some of our most respectable citizens, personal, visible knowledge, can be relied on, the medical virtues have cured *many consumptive persons*, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

LUNGS BLEED MUST DIE!

Mr. Z. S. TERRY, *merchant, Tyron, Genesee county, N. Y.*, wrote, August 21, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had given up for dead. When he commenced taking Brant's Medicine, he could not raise his hand to his head; *he bled at the lungs*, and every symptom was thought to indicate that he must die; but, astonishing to all, he is now about his labor, and rides all over the county. He used *only five bottles*. It has also cured a young lady of *Consumption* in Orleans county, which her friends say *to doctor could cure*."

Mr. SHULER, a merchant of the same place, has certified to the truth of the above statement.

Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co., N. Y.*, January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I must immediately another supply, for they *sell more rapidly, and give better satisfaction*, than all the other medicines we have for sale."

C. G. C. HAZARD, *Agent.*

DR. HOOFLAND'S

CELEBRATED GERMAN BITTERS,

Prepared by

DR. C. M. JACKSON,

AT THE GERMAN MEDICINE STORE,

120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the certification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said:—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock, Va., January 10, 1850, said:—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored yeatired to health."

READ FURTHER A FEW FACTS.

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said:—

"*Patent Medicines.*

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and vendors of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's Hoofland's German Bitters," to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcoholic Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its efforts from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

[MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be
